

ABOUT THIS GUIDE

This guide describes five services offered by an unnamed fictional organization. It is designed for information-retrieval exercises. It does not contain prices, guaranteed resolution times, or individual approval outcomes.

1. CUSTOMER SUPPORT REQUEST

Purpose: Report a service problem, ask a general question, or request help with an existing case.

Intended users: Customers and authorized representatives.

Request channel: Customer Portal or the central support desk.

Acknowledgement window: Within one business day.

Information to provide: Contact details, case reference when available, issue summary, and preferred contact channel.

Exclusions: Emergency incidents and requests requiring a specialist assessment.

2. EQUIPMENT REQUEST

Purpose: Request standard workplace equipment or report equipment that needs replacement.

Intended users: Employees and approved contractors.

Request channel: Employee Service Portal.

Acknowledgement window: Within two business days.

Information to provide: Item type, business need, work location, manager name, and required date.

Exclusions: Personal purchases, nonstandard items without manager review, and building infrastructure.

3. LEARNING AND TRAINING REQUEST

Purpose: Register for approved learning, request a team workshop, or propose a development topic.

Intended users: Employees and people managers.

Request channel: Learning Portal.

Acknowledgement window: Within three business days.

Information to provide: Learning objective, audience, preferred date, delivery format, and accessibility needs.

Exclusions: External certifications and travel expenses unless separately approved.

4. FACILITIES SUPPORT REQUEST

Purpose: Report a workplace issue involving meeting rooms, furniture, lighting, temperature, or shared spaces.

Intended users: Employees, contractors, and workplace coordinators.

Request channel: Facilities form in the Employee Service Portal.

Acknowledgement window: Within one business day.

Information to provide: Location, issue category, impact, photo when useful, and safe access details.

Exclusions: Immediate safety emergencies, which must use the emergency contact process.

5. VISITOR SERVICES REQUEST

Purpose: Arrange visitor access, reception support, or a group visit to an organization site.

Intended users: Employee hosts and approved event coordinators.

Request channel: Visitor Services form.

Acknowledgement window: Within two business days.

Information to provide: Host, visitor names, visit date and time, site, accessibility needs, and equipment requirements.

Exclusions: Unaccompanied access, requests without a host, and access to restricted areas.

IMPORTANT LIMITS

- Acknowledgement windows indicate when a request should be reviewed; they are not guaranteed resolution times.

- Eligibility, approval, price, and service-level commitments may depend on current policy and are not defined in this guide.

- When information is missing, state that the guide does not provide it and recommend checking the latest service documentation.
